Title: Mr Gum and the Dancing Bear - Mr gum series

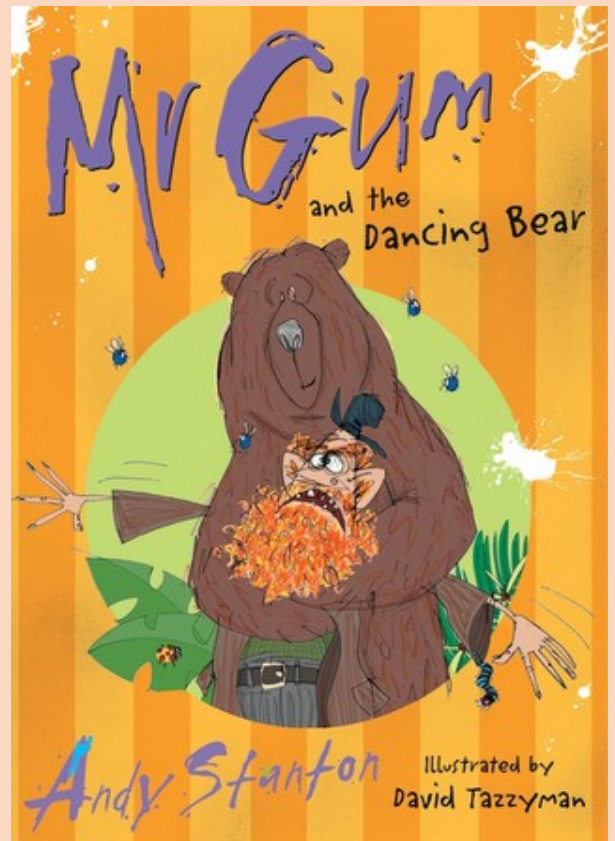

Author: Andy Stanton

### Background:

Mr gum and the dancing bear is my favourite book in the whole of Mr. Gum series because it is completely hilarious. The story is about a brave girl - called Polly - who tries to rescue a dancing bear which Mr. Gum and his friend, Billy William (the third) had captured.

### The Setting-

Polly and her friends, Friday o' Leary and Alan Taylor (a gingerbread man with electric muscles who is only 15.24cm tall!), all live in a town called Lamonib Bibber.

### The Plot-

Cruel Mr. Gum and Billy William stirred a plot to kidnap the bear and make him a slave. They planned to torture him to dance all day long so they could earn money and be the richest lads. And when Polly and her friends try to free him, Captain Brazil (The captain of the ship they hide in) throws them overboard in the sea.
